<p>“Hello, I use Bob for myself and especially for the young people I coach at the community mission of Laon. It's a very good tool and I received great feedback from young people. I hope that they will find a job very quickly. I will also work on their employability. Thank you and take care of you !”</p>	10/10
<p>“Bob is potentially very useful, and I really think it can help me to make progress. I highly recommend it to anyone looking for work, because of all the services I've come across, it is the most practical, relevant and satisfying for turning plans into reality.”</p>	N/A***
<p>“What helped me the most is the priority of actions to be carried out, without which I will still be lost. Knowing which method is the most impactful for our professional project is great..”</p>	8/10
<p>“I liked the tone and the relevance of the advice. I will take on a skill assessment and in the meantime I am taking a free distance course to see if the subject suits me and if I am able to train myself remotely”</p>	10/10
<p>“I liked the occasional emails, without invading our mailbox, accompanied by little advice and tailored support according to our project. I decided to improve my CV and try more spontaneous applications, which is something I was not doing before.”</p>	10/10
<p>“I am only at the beginning but I like the fact of having new advice every week and being able to have a different opinion on how to look for a company. This is well done. I like that you give different possible ways of sending e-mails or how to communicate with a company, it's interesting !”</p>	9/10
<p>“I want to give you feedback, a year and a half later, because I really appreciate your efforts and your support. We really feel the sincerity of your efforts. A company where the human being is so much at the heart of it is so rare that it stays in mind. You do a remarkable job.</p>	N/A
